ANGUS COUNCIL

Long Term Unemployed (LTU) programme

Following the success of the Long Term Unemployed (LTU) programme in 2022/23 which provided 32 paid work placement opportunities across public and third sector in Angus, funding has been secured to run the programme again in 2023/24.

The scheme supports the provision of paid (real living wage) work placements either in the public or third sectors for individuals who would, without significant investment, struggle to secure employment. Placements will equip participants with skills, knowledge, experience and qualifications/training to enable them to move towards a positive destination. It is a requirement of the funding that during the placement a piece of certified or accredited training is undertaken.

The qualifying criteria has changed slightly for 2023/4 to support individuals who are:

- Aged 20-24 who have been unemployed for over 6 months
- Aged over 25 who have been unemployed for over 12 months

For further information on the programme please email skillsteam@angus.gov.uk

If you can offer a fully funded paid work placement or if you know someone who fits the criteria and would be interested in participating in the programme, please contact Michelle in Angus Council's Skills & Employability team on skillsteam@angus.gov.uk
