ANGUS HEALTH AND SOCIAL CARE PARTNERSHIP

Day Opportunities Survey - Staff/Professionals

Angus Health and Social Care Partnership aims to provide high-quality services to the people of Angus. We think it is important that everyone involved in these services has the chance to give their views and shape AHSCP services for the future.

Day opportunities include day care centres, groups and activities. Day opportunities are usually linked to activities in a building, sometimes called building based services or can be community-based groups.

Angus Health and Social Care Partnership wants to work with you to develop a framework of day opportunities. We would be grateful if you could take the time to complete this questionnaire **here**.
